INTERVARSITY
@ San Marcos

Next year's leadership team, 30 CSUSM students, set out for a weekend of planning and visioning on Catalina Island. In John 1:35-51 we witnessed Andrew beginning to follow Jesus and that very day go out and bring in his brother Peter. Then we saw Philip, after being called by Jesus, immediately go out and bring back his friend Nathaniel. It struck me that our leadership team is a lot like these first disciples. Almost half of next year's leadership team either began their walk with Christ or made a recommitment to follow Him this school year, and now they have jumped right in to the call to lead their campus toward experiencing what is still so new to them!

One such student, Julia, shared that until she came to Catalina she didn't really know why she even signed on for leadership, but once there her experience with God and her team confirmed her calling to the campus:

"Now I know God has called me here and has given us this community in InterVarsity to see our longing to be world changers fulfilled!"

GREEK
INTERVARSITY
@ USD

Another great year of ministry has closed at USD. We ended the year with our fourth annual Leadership Retreat and gathered the leaders for the 2010-2011 school year. We headed up to Big Bear and for two days, both the InterVarsity and Greek InterVarsity groups gathered together to pray, worship, be trained, and vision and dream for what we want to see happen next year on campus.

By far, this was the best Leadership Retreat we've had at USD! Here are a few quotes from students about their retreat experience:

- "My favorite part was the sense of community that this retreat created through friendly competition, prayer, worship, and discussion."*
- "Honestly, I had the best time this weekend"*
- "This year is going to be different. I don't want to see any leaders only half committed to this mission - if you're on leadership, you need to be on it 100%!"*
- "The time at this retreat with the leadership team has excited a new passion in me, I can't wait to spread Christ's love to the Greek system together with next year!"*

Senior Reflections

"Greek IV was a great way to connect with other Greeks who shared my faith. I was able to learn about how I could lead Theta Bible Study better and learn how to connect with each girl through studying God's Word. I was encouraged by staff as well as the other leaders to be the best example I could be in the Greek system. Looking back, I am very thankful for all of my GIV experiences and it helped shape who I am today!" -Katy, USD

"The InterVarsity community is different than any other community I've been a part of. InterVarsity has not only developed me as a leader, but through Bible studies, meeting with staff, and being a leader I've grown a deep passion for the campus. I love seeing people's lives transformed, and throughout the past four years mine has been transformed as well!" -Becky, USD

"I have developed amazing relationships and connections with the girls from my sorority Bible study. They are so supportive and go above and beyond to make me feel loved and valued. Our Bible study has become a place where we can all confide in each other and discuss faith openly." -Erica, USD
